Theater District

Gallaghers started as a speakeasy in 1927 and expanded to a Theater District steakhouse in the '30s. Its dry-aging process is on full display when you walk in -- a windowed view into its famed meat locker is the first thing you see -- and you'll quickly notice the decor is heavy on nostalgia thanks to a bazillion black and white celeb and sports star photos hanging everywhere. The menu is as classic as it gets, so plan to get your kale fix somewhere else. It's a rock-solid pre-theater experience.
